FOR IMMEDIATE RELEASE

Felician Village at Home offers holiday special

MANITOWOC, Wis. (December 10, 2020) - Felician Village at Home, a membership program offered by Felician Village for older adults living in their own homes, is offering a holiday special. Whether you are looking for a Christmas gift for a loved one or for yourself, now through December 31, 2020, pay for 10 months and receive an entire year of membership. Memberships start at \$14.95 per month. This special is for new members only.

Felician Village at Home helps older adults in Manitowoc County to have continued independence and remain in their own homes as they age. The local organization is part of something much larger - the Village to Village Network - a movement started in Beacon Hill, Massachusetts in 2002. The national organization has over 250 villages across the country, all with a similar goal in mind to redefine aging by being a key resource to community members wishing to age in place.

Megan Bruckschen, Membership Program Manager, shared why this program is so important during these critical times.

“When we launched Felician Village at Home in late 2019, there was a lot of planning for social and educational events based on our members’ desires and needs. We have had to pivot the way we serve our members during this pandemic. The need for our program has not gone away; in fact, it has grown as our members look for increased socialization, tech tutoring and in-home assistance. We have seen a significant increase of family members inquiring about the program as it has become difficult to travel home to help Mom or Dad.”

Since Covid-19 began affecting the Manitowoc County area in March, Felician Village at Home has provided over 275 hours of assistance to our members, mostly through the help of volunteers, some of which are members as well. All volunteers receive training on infection prevention control procedures.
