

*Celebrate the life of a loved one!
Thank a special someone!
Offer your support!*

Brick-By-Brick

You can provide a lasting tribute through an engraved brick in one of the gardens at Felician Village. You can choose to have your engraved celebration brick located in either the Rosary Garden outside the Blessed Angela Chapel or The Villa Dementia Garden accessible to all residents in the dementia household at The Villa.

You can celebrate any occasion of your choice – to express your love of a deceased family member; to honor someone for a birthday, anniversary or other event; to say thank you to a Felician Village employee or simply to show your support and appreciation to Felician Village.

The small bricks (4"x8") in the Rosary Garden form a border around the nursery. Larger bricks represent the Hail Mary bead (12"x12" currently SOLD OUT) and the Our Father beads (16"x16").

In The Villa Dementia Garden, bricks of various sizes form a decorative pattern which borders the walkway in the garden. The garden includes ground-level and raised garden beds, walking area, benches and water feature.
