

Help US Help Our Felician Village Residents go places!

Thanks to our generous donors who funded an SUV (which has provided 6,100 rides since 2021), and a new ADA bus, we are continuing to raise funds for transportation in hopes of adding an ADA minivan for non-ambulatory residents who require 1:1 transportation. Your support for our transportation program will allow residents and FV at Home members to have the flexibility and enjoyment of being in a group social outing or individual travel needs for all levels of care to medical appointments, church services, shopping, dining, events, or other individualized travel needs in an efficient and cost effective manner.

VALUES
